

He asked for our help We are asking for yours

The boy in the photograph asked for our help. His mud hut school in the remote Nuba Mountains of the Sudan was closing and there was no money to save it.

Only 2% of Southern Sudan's population is educated even to Primary School level.

This is the legacy of a 21 year civil war.

The school closed and the mud hut buildings have now fallen down. Help us build a new school, on safe land. Give these young people a chance to make a better future for this beautiful country.
